👁️ A Cocktail with Cult Status

The **White Russian** first stirred to life in the 1960s, evolving from its sibling, the Black Russian, which was invented in Belgium in 1949. Made famous by **The Dude** in the cult classic film *The Big Lebowski*, this creamy cocktail has since become an icon in pop culture and a favourite at both retro and modern celebrations.

Smooth, stylish, and satisfyingly rich – Moozy's pays tribute with a collection of decadent twists on this legendary drink.
